

Business Performance Insights (5 Points)

1. **Total Portfolio Revenue:** CoreTech Innovation has successfully secured a total project budget pipeline of **412,200 PKR**.
2. **Client Footprint:** The business is currently serving a strong foundation of **50 unique clients** across multiple regional cities.
3. **Unrivalled Client Satisfaction:** The company maintains a perfect customer satisfaction score with an **Average Rating of 5.0/5.0**, proving exceptional service delivery.
4. **Operational Status:** 100% of the project pipeline is currently **In Progress**, showing heavy engagement but zero completed turnarounds to date.
5. **Cash Flow Pipeline:** All major active projects are currently marked as **un-paid**, indicating a massive upcoming cash inflow upon successful project deliveries.

Strategic Recommendations (3 Points)

1. **Establish Milestone-Based Payments:** Move away from 100% unpaid project statuses by implementing a 30% upfront and 70% completion payment model to maintain healthy business cash flow.
2. **Accelerate Project Turnarounds:** Introduce strict operational deadlines or expand team capacity to transition the active "In Progress" projects into "Completed" status.
3. **Diversify Lead Generation:** Scale up marketing efforts on top-converting channels and reduce reliance on manual cold calling to bring in more automated premium leads.
